

# OFFSET PIVOTS

## ALUMINUM ENTRANCE DOORS

Our pivots are engineered and designed for durability, style and versatility. All cases are aluminum. Pivots operate on full race ball bearings. Complete with 1/8" vertical adjustment. No possibility of door sag since entire weight of door rests on floor mounted pivot. Easy to install. Durable, all weather-proof acrylic coating protects pivot from deterioration. Top portion has spring loaded hardened pin for easy assembly. When door is in locked position, these pivots are completely burglar-proof. Easily installed or removed from door in only a few seconds.

### PRODUCT FEATURES

- 1/8" vertical adjustment.
- Completely theft-proof, yet easily removable and replaceable in unlocked position.
- Smooth, precision-made select ball-bearing operation.
- For handed sets, specify RH-LHR or LH-RHR.
- All weather-proof.
- Supplied complete with set of screws, anchors and mounting materials.
- Available in aluminum & duronodic finish.
